## Célébration de la culture francophone !

Telle que les aurores boréales qui dansent dans nos ciels nordiques, la culture francophone, dans toute sa diversité, resplendira lors de cette édition de Deep Freeze : A Byzantine Winter Fête.

Les visiteurs pourront apprécier des artistes francophones qui chantent, dansent et racontent des histoires sur un grand écran au parc Borden. La pièce maîtresse de la programmation francophone

du festival de cette année sera les Marionnettes, une installation de lumière, de son et de poésie nichée dans les arbres du parc. Les visiteurs seront amenés dans un monde où les étoiles chantent et où un violoneux fait danser les aurores boréales.

Attachez vos tuques!
